

ACOUSTIC PANELS

We supply top acoustic panels to attenuate the source of sounds and noise from the surrounding environment.

Class A sound absorption dealing with the whole frequency range. Constructed with a one-piece structure. Fireproof and soundproof special filling.

Upholstered with a standard water resistant upholstery category E or optional fabric Runner (R), which has a sound absorption certificate. Completed with highest care with a 5 year warranty.

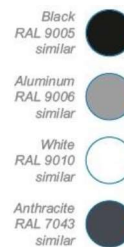

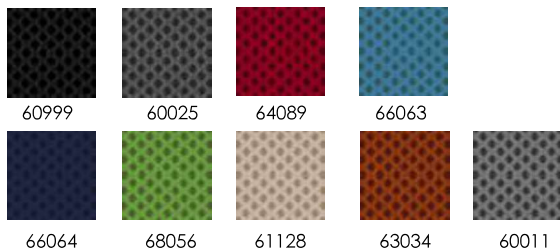

STANDARD

Fabric cat. E – water resistant

OPTIONAL

Fabric RUNNER (R)
